BICOTTURA/ DOUBLE FIRED

Polis

La serie Polis si sviluppa in due colori abbinati ad un unico fondo bianco e due differenti elementi decorativi, tutti sviluppati in modo da poter vestire pareti intere oppure arricchire i fondi stessi. La grafica ad effetto pietra si presta a vestire qualsiasi tipo di ambiente in arredo classico o contemporaneo.

The Polis collection is developed in size 20x50 in three stone finish satin colors and two decorative elements.

The decorations are conceived to be laid in a classical way or a more modern version by dressing entire wall areas. The stone finish effect, with beautiful details on the complete collection, is perfectly combinable with contemporary or classical environments.
